

THE BEST VIEWPOINT OF BARCELONA IN AN INCREDIBLE MODERNIST ESTATE

HOUSE FOR SALE IN BARCELONA - EL TIBIDABO

Tibidabo Avenue is one of the main arteries in the upper area of Barcelona and one of the most elite neighborhoods where the most spectacular homes in the city of Barcelona are located. Very close to the best national and international schools, with spectacular sea and mountain views. The proximity of Ronda de Dalt (Ring road), Plaça Bonanova, Bus stops and Blue Tram, make this area a perfect place to live. The house consists of 3 floors, connected by a magnificent and stately staircase both inside and out. It also has a glass elevator from the ground floor to the first floor, where the garden and pool are situated. Modernist elements can be found throughout the house, starting with the grand entrance with its characteristic "Trencadís" (brittle) and large arches.

The interior boasts even more stand out modernist details, a style characterized by the imitation of nature in its appearance.
