

RESTORED HOUSE WITH TERRACES IN THE CENTRE

HOUSE FOR SALE IN TIANA

Spectacular house from the beginning of the 20th century, completely restored, taking care of all the details and preserving the original architectural elements, such as the Catalan vaulted ceilings and natural stone walls, which give it a unique character and a great feeling of warmth.

269m² house, distributed over 2 floors plus attic and basement with windows, connected by a designer staircase and elevator, for greater comfort.

On the ground floor there is a large day area with a fusion of environments between modern and rustic design. Large living-dining room with fireplace and open kitchen with maximum features, both with access to a comfortable 20 m² terrace, to enjoy all year round, and courtesy toilet. On the 1st floor there is the night area with 1 suite-type bedroom.
